ART Class Offerings

Earth to Fine Art: Rocks, Gems and Minerals Discover the fabulous world of rocks, gems, and minerals, and learn how they are connected to the creation of fine art! This is a STEAM designed art based class that includes, art history, world geography, geology, and science. Students will explore the globe for sources of materials while designing and fabricating 2D/3D works such as paintings, vessels, mosaics, wire wrapping, and simulated jewelry making.

- Gr K-4
- Mondays Jan 28 – April 29 11 weeks
- 3:30-4:30
- Lakeside Art Room
- \$240
- Karen Shaw, Instructor
- No class Feb 18 March 11,18 Limited to 12 students

Mini Mootisse and Petite Picasso Working with the Modern Master's as inspiration for style and technique, we will create our own animal-themed mixed media mini masterpieces. Using bold color, and a variety of materials, young artists will learn the elements of design and composition, while developing skills and building confidence in their own expressive style.

- Gr K-4
- Wednesdays Jan 15-April 9 12 weeks
- 3:30-4:30
- Lakeside Art Room
- \$260
- Karen Shaw, Instructor
- No class on March 12
